

Overview

We are pleased to announce and invite you to participate in The 15th Royal Marsden Head and Neck Conference, themed "New Horizons in Nasal and Paranasal Sinus Malignancy"

After the success of the 14th meeting and subsequent feedback, it was evident that the rapidity of advances in cancer care required a similar theme to be repeated annually.

Participants to The 15th Royal Marsden Head and Neck Conference meeting will attend a "New Horizons" programme that has been assembled after extensive consultation and hear from the top faculty in the fields, with ample opportunity to discuss the evidence presented.

Nasal and paranasal sinus cancers are known for their heterogeneity, complex decision-making to arrive at optimal management plans and their impact on function and quality of life. These issues will be discussed at length during the day.

Our invitation is extended to consultants and trainees alike and members of the multidisciplinary team, and to those in the primary, secondary or tertiary care setting.

We look forward to you all joining us in November 2024.

Professor Vin Paleri

Professor for Head & Neck Surgery
Director of IReC
The Royal Marsden NHS FT

Dr Ben O'Leary

Clinician Scientist and Honorary Consultant
in Clinical Oncology
The Royal Marsden NHS FT

Dr Alina Denisa Dragan

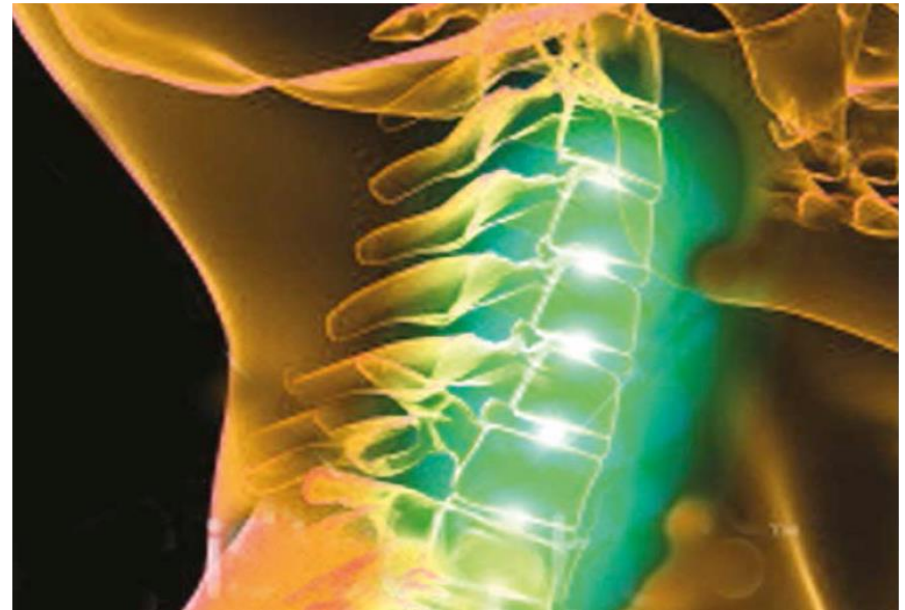

Radiology Consultant
The Royal Marsden NHS FT

Dr Justin Weir

Consultant Histopathologist
The Royal Marsden NHS FT
